EQUIPMENT

- One of North America's largest, expertly engineered, and mobile asset bases supported by a robust supply chain

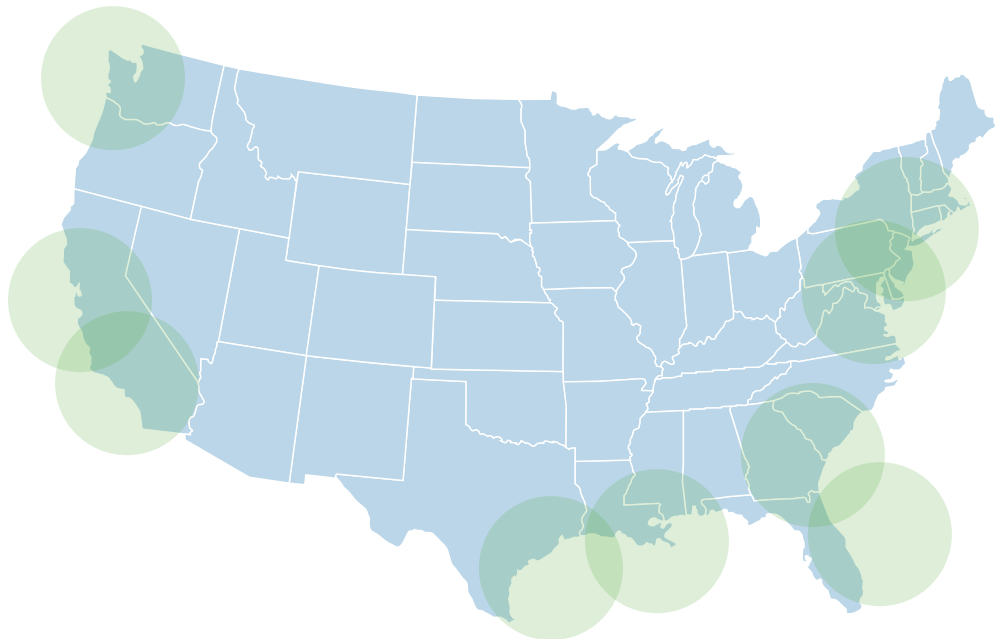

PEOPLE

- Highly trained and experienced bunkering division comprised of specialized engineers, project managers, technicians, and delivery specialists

ADDITIONAL SERVICES

- Natural gas price hedging options
- LNG tank cool down services
- Continuous methane emissions monitoring

Current and Future Marine Bunkering Activities

U.S. Department of Energy approved LNG Exporter

2,372,000 m³

Annual volume of LNG for global export

As an approved LNG exporter by the U.S. Department of Energy, we can export a combined annual volume of 2,372,000 m³ of LNG. Stabilis specializes in small-scale export quantities that are more suited to smaller offtake needs. We're equipped to export LNG globally in ISO containers or vessels with LNG transport capacities up to 10,000 m³ to Free-Trade and Non-Free-Trade destinations. For flexibility, we offer the following contract structures:

- Free-on-Board
- Delivered Ex-Ship
- Joint-Commercial Arrangements

Our capacity to export from multiple U.S. port locations leveraging our vast LNG supply network make us a leading partner in global, small-scale U.S. LNG export solutions.

About Us:

Headquartered in Houston, TX, Stabilis Solutions, Inc. (NASDAQ: SLNG) is a leading provider of turnkey clean energy production, storage, and delivery solutions of small-scale liquefied natural gas to multiple end markets across North America, Mexico, and Canada. These markets include marine, aerospace, agriculture & food, electric utility, infrastructure, pipeline, general industrial & manufacturing, oil & gas, and mining.

With two strategically located liquefaction plants, Stabilis ensures better reliability, control and

consistency of the LNG sold. Stabilis's strong internal commercial, technical and engineering capabilities are leveraged to assist customers in design, engineering and implementation of LNG and other clean fueling solutions.

With a strong emphasis on safety, reliability, and customer service, Stabilis works closely with customers to understand their needs and provide customized solutions that meet customer specific requirements.
